

Asset Recovery Flow Chart

KMC engineers visit various client facilities to identify and photograph surplus.

Surplus is uploaded to a secure website for internal review by our clients' various plant managers

Surplus is transferred to another facility

If the equipment is deemed as surplus by our clients administrator, Keith Machinery will recommend one of the following marketing programs

Exclusive marketing program with assets remaining at client

Exclusive marketing program with assets to be consigned at Keith Machinery warehouses

Sealed Bid with time definite bid deadline

Exclusive liquidation with date certain ending, possibly followed by:

Auction, live or online or both

After sale support services including rigging, shipping, accounting, reports, etc.
